

MANAGING STAFF REMOTELY

Length: 1 hour - 15 minutes
Media: Online
Who should attend: Leaders who manage remote staff

Description

In the best of times, managers face the challenge of keeping employees focused and on task. When staff members transition to remote work, it can create a unique set of challenges for managers to keep the team engaged and productive.

This learning module will explore strategies for ensuring everyone keeps the vision, mission, and values of the team and organization top of mind even when they are not all working in the same space.

Learning objectives

- Tips for managing stress
- Basic principles of communicating across the miles
- Techniques for managing productivity
- Ways to stay optimistic in challenging times
- Q&A
